

## Member Spotlight

### Roscoe Mutz, *Farhang & Medcoff*

#### Name, Firm/Company, Practice Area:

Roscoe Mutz is a partner with Farhang & Medcoff in Tucson, Arizona. Roscoe has a broad civil litigation background, including business litigation, construction law, employment law (including cannabis-related issues), real estate disputes, and investigations.

#### General Background:

Roscoe is originally from the VERY small town of Belleville, Kansas, where, due to general lack of students, he participated in band (tenor saxophone), every school play, forensics competitions (State Champion in Improvised Duet Acting), math competitions, and played varsity tennis and football. He attended college at Washburn University (Go Ichabods!) in Topeka, Kansas, where he was a finalist for Top Graduate, foiled only by the remarkably dumb decision to take Calculus III. Roscoe attended law school at Boston College, where he won the BC Mock Trial Competition and was a member of the BC Law Mock Trial Team. In his free time, Roscoe helps run a non-profit storytelling event called Odyssey Storytelling, which puts on monthly live shows, plays in multiple tennis leagues, and generally enjoys being as weird and silly as possible.

#### TIPS Involvement:

Roscoe has been a member of TIPS since 2018 when he joined the Leadership Academy. He currently serves on the TIPS Council and as Chair of the Employment and Labor Law Committee. Roscoe is also the Immediate Past Chair of the Cannabis Law and Policy Committee, former Co-Chair for the Standing Committee on Law in Public Service (LIPS), including involvement with the TIPS and Thomson Reuters Financial Literacy Project, former Chair for the Standing Committee on Ethics & Professionalism, and member of the Leadership Academy Task Force, Finance Committee, and Dispute Resolution Committee.

#### What do you like most about being a TIPS member:

While Roscoe values the programming and opportunities TIPS membership provides, he plans on being a lifetime member of TIPS because of the lasting friendships forged through his TIPS involvement. Roscoe has enjoyed collaborating and bonding with other TIPS members through meaningful service projects, CLEs, leadership activities, and even karaoke duets! ➤
